SUMMARY

A motivated Full Stack Engineer with experience in developing and maintaining software solutions, specializing in Vue.js and Spring Boot. Successfully enhanced system functionality and user experience through innovative feature development and effective debugging. Eager to leverage technical expertise and collaborative skills to contribute to impactful projects in a dynamic engineering team.

WORK EXPERIENCE

Optima Engineerig

Jan 2024 - Jul 2024

Full Stack Developer

Ankara, Turkey

- Developed and integrated features for a parking system using .NET and TypeScript, streamlining parking management processes and improved operational efficiency.
- Built responsive front-end interfaces with Vue.js for the parking system, enhancing user experience and reduced interface response times.
- Debugged and resolved system issues, ensuring optimal performance and minimizing downtime.
- Conducted thorough testing of new features and fixes to ensure high-quality deliverables.
- Provided technical support and troubleshooting assistance, ensuring swift resolution of system-related issues.
- Collaborated with a cross-functional team in an Agile environment to ensure timely delivery of code, using Git for version control, which improved project efficiency

EDUCATION

Manisa Celal Bayar University

Aug 2015 - Nov 2022

Computer Engineering

Manisa-Turkey

- **Achievements:** Level in EQF EQF level 5

LANGUAGE SKILLS

- English (Listening C2, Spoken production C1, Reading C1, Writing C1), Turkish (Listening C2, Spoken production C2, Reading C2, Writing C2)

SKILLS

- **DIGITAL SKILLS:** Microsoft Office, Team-work oriented, Good listener and communicator, Organizational and planning skills
- **SOFTWARE SKILLS:** Vue.js , Java, Javascript, Spring Boot, System Design, Flutter, PostgreSQL, Full Stack Development

Certifications

- **Learn Spring Boot 3 in 100 Steps - No 1 Java Framework:** in28Minutes Official | 17.5 Hours | Certificate ID: UC-39216371-b154-40ec-bff1-cac1a7e7670b

Completed an in-depth course focused on mastering Spring Boot 3, Java's leading framework for building robust and scalable applications. Gained hands-on experience in designing and developing microservices, REST APIs, and enterprise-grade solutions. Learned best practices for building efficient, production-ready applications with Spring Boot, enhancing knowledge of modern development techniques and tools.
